

**REMARKS**

In the Notice to File Corrected Application Papers dated 3/25/2011, the patent office requested that paragraph 1 be updated because line 3 of paragraph 1 contains a reference to another patent application by attorney docket number without reference to the application number. Applicants have amended paragraph 1 as set forth below, with underlining being used to show material that was added and strikeout being used to show material that was deleted. This amendment does not add any new matter.

[0001] This application is a related to U.S. Patent Application No. 10/777,697, filed February 12, 2004, entitled Method and Apparatus For Facilitating The Transportation of Medical Images on a Communication Network, filed concurrently herewith (Attorney Docket No. NN-16421), the content of which is hereby incorporated herein by reference.

If any extension of time is required or if any fees are due in connection with this filing, the Commissioner is hereby authorized to charge payment of the fees associated with this communication or credit any overpayment to Deposit Account No. 502246 (Ref: 909426-US-NP).

Respectfully Submitted
